We build emotions.
Comfort packs for maximum safety.
Exclusive for discerning motorhome enthusiasts.

VARIO mobil

welcomes you.

In the belief that we coach-motorists discover new worlds with curiosity, courage and tolerance, each VARIOmobil is an exclusive unique with all modern conveniences. Custom built for you - for the best days of the year.

Your safety is our motive. With the introduction of the VARIO Perfect 1200 Platinum, the new model year begins. In the fine-tuning 2024, we have explored the entire range of technically possible options for you and built the very first motorhome with 4 slide outs.

A multitude of innovative safety and assistance systems are just as natural as the luxurious heating system and the rear garage in all 12-metre models.

Enjoy 100% PLANNING FREEDOM of floor plan, design and all equipment details. We are happy to realize your wishes with great attention to each detail and with more than 40 years experience in the automotive industry.

You are completely at home even when you are travelling in your exclusive motorhome

VARIO mobil

CHASSIS

VARIO STAR

COMPACT CLASS.
EXCELLENT COMFORT.
MAXIMUM DESIGN FLEXIBILITY.
RIDING ASSISTANCE AND SAFETY AS STANDARD.

The VARIO Star is build individually for you on a powerful front-engine chassis:

VARIO STAR 800
MAN TGL 8.220 BL / 8.250 BL

VARIO STAR 850
MAN TGL 8.220 BL / 8.250 BL

VARIO STAR 900
MAN TGL 8.220 BL / 8.250 BL

The overall length of the vehicle - depend on individual floor plans - amounts from 8,25 to 9 m. The external width of 2,33 m makes this travel mobile very agile and unites a maximum of housing comfort and innovative technology on four wheels.

All VARIO Star models have a raised roof in the rear. This ensures plenty of headroom in the bed area, which you will appreciate especially in hot summer nights. Important super-structures such as SAT antenna or air conditioning system are placed in the lowered front roof range. This guarantees a low overall height of 3.40 m, making it easier to drive through passages, ship and store your motorhome.

Generous stowage compartments ensure considerable payload capacities thanks to optimum use of the available space. The friendly, bright interior of the vehicle is made of real wood.

With great attention to any detail, each VARIOmobile is made as a one-off in high-end manufacturing. We combine the most beautiful interiors with the best comfort for you. 100 % custom made. With a personal feel-good guarantee.

Chassis	MAN TGL 8.220 BL
Wheelbase	4.200 / 4.500 / 4.800 mm
GVWR	8.800 (7.490) kg
Front axle load limit	4.000 kg
Rear axle load limit	5.600 kg
Engine	4-cylinder diesel engine, two phase turbo charging, intercooling and exhaust gases recirculation. Particle filter with SCR catalyst
Displacement	4.580 ccm
Performance	162 kW / 220 hp at 2.300 rpm EURO VI - E
Torque	850 Nm at 1.300 - 1.800 rpm
Brake system	electronic brake system BrakeMatic, ABS, engine brake, compressed air convection dryer, ASR + ESP, emergency braking assistant
Steering	servo, steering wheel adjustable
Suspension	FA boosted, parabolic spring RA air suspension stabilisers
Tyres equipment	235 / 75 R 17,5
Gear box	6-speed automatic transmission, TipMatic®
Fuel tank	180 l Diesel / 20 l AdBlue
Electrical system	24 V, 2 x 88 Ah batteries
Alternator	28 V / 120 Ah
Anti-theft device	steering lock immobiliser
Miscellaneous	outside thermometer, cruise control, air condition drivers cab, multi function steering wheel, differential lock RA, lane guard assist, M+S snow tyres

Type VARIO	Chassis	Length	Width ⁽¹⁾	Height ⁽²⁾	Fresh-water-tank	Grey water tank	Black water tank	Vehicle basic price without tax	Vehicle basic price 19 % German tax included ⁽³⁾
STAR 800	MAN TGL 8.220 BL	8.250	2.330	3.400	300	200	150	481.907,56	573.470,00
STAR 850	MAN TGL 8.220 BL	8.650	2.330	3.400	350	200	200	490.739,50	583.980,00
STAR 900	MAN TGL 8.220 BL	9.000	2.330	3.400	350	200	200	502.521,01	598.000,00

Please note the extensive basic equipment of our exclusive motorhomes. The basic vehicle price⁽³⁾ for VARIOmobil includes 100% individual construction, driver assistance and safety systems as well as many other high-quality details as standard. Compact dimensions and weight-optimized: the VARIO Star.

The detailed motorhome equipment can be found on the preceding pages "Chassis" as well as on the following pages „equipment details“.

All vehicle prices are quoted ex factory Bohmte in the context of manufacturing a new vehicle.

- * **Weight in working order means according to regulation (EU) Nr. 1230/2012:** unloaded weight including driver (75 kg), 90 % fuel, 100 % fresh water, 2 x 11 kg aluminium gas bottles, on board tool kit.
- ** **The payload according to regulation (EU) Nr. 1230/2012** results from the difference of the gross vehicle weight rating (GVWR) and the weight of the vehicle in working order including standard equipment.
- *** **The number of seats with seat belt is depending on floor-plans.** Parenthesised data = optional equipment.

Optional equipment (extras / accessoires) increases the weight in working order and reduces the payload. For the weight of the extra equipment please refer to this brochure.

The load-carrying capacity is reduced by installing special equipment (= extras / extra equipment) and accessories. Moreover, the load-carrying capacity not only depends on the weight in working order, the actual vehicle mass, the weight of the accessories and the GVWR, but also on the respective axle loads. Prerequisites for using the full vehicle-technically possible payload is a corresponding relation to the axle load distribution.

The declaration of weight is approximately data. Variations of +/- 5 % in the range of craft tolerance are possible and allowed.

The specified maximum permissible number of persons is depending on weight and axle load. It can be reduced when extras are mounted (= optional equipment / accessoires), so in favour of the payload individual seats can not be used. If all seats shall be used, the payload has to be reduced partially. It is not allowed to exceed the permissible maximum weight (GVWR) and the maximum axle loads.

- ⁽¹⁾ Total vehicle width 2.330 mm = body width 2.300 mm.
- ⁽²⁾ The total height depends on the dimension / height of the storage room / garage / car garage.

VARIO STAR

WELCOME

WE WOULD LIKE TO WELCOME YOU TO THE FANTASTIC WORLD OF VARIOMOBIL.

Here you will see models of exclusive travel caravans and high-end business solutions. Based on our highest outfit details we provide a quality only VARIOmobil is known for around the world. This extraordinary package makes your VARIOmobil a precious and unique item.

That's the reason why we offer **100% customized** individual solutions for our customers. The philosophy about our construction is so unique, that it can neither be reflected in a model range nor in a car configurator mode. A VARIOmobil is always an explicit product of the individual consultation with our customers. Just ask us. We are more than happy to answer all your questions in regards to your personal mobility.

Special requests not exist for us, but wishes that we would like to implement to your satisfaction. We manufacture residential and business mobiles, 100% custom made and offer 100% choice in every configuration detail, harmoniously matched in function, quality and design. **A VARIOmobil is the completion** of more than four decades acquired expertise in the HIGH-END vehicle construction. Experience unique MANUFACTURE construction and 100% planning freedom in layout, equipment and design.

Here you will find tried-and-tested floor plan ideas for exclusive motorhomes that do not lack comfort. Therefore, your VARIOmobil is equipped with large storage capacities in all areas and offers space for all the things you would like to have with you - for example in a very large rear garage.

All layouts shown here are floor plan solutions that have been tested by experienced globetrotters. And yet your wishes for a perfect motorhome can be completely different. Of course, we will also develop your individual floor plan for you so that you feel completely at home - in your exclusive VARIOmobil.

The floor plans shown here may include special equipment.
