We build emotions.
Comfort packs for maximum safety.
Exclusive for discerning motorhome enthusiasts.

VARIO mobil

welcomes you.

In the belief that we coach-motorists discover new worlds with curiosity, courage and tolerance, each VARIOmobil is an exclusive unique with all modern conveniences. Custom built for you - for the best days of the year.

Your safety is our motive. With the introduction of the VARIO Perfect 1200 Platinum, the new model year begins. In the fine-tuning 2024, we have explored the entire range of technically possible options for you and built the very first motorhome with 4 slide outs.

A multitude of innovative safety and assistance systems are just as natural as the luxurious heating system and the rear garage in all 12-metre models.

Enjoy 100% PLANNING FREEDOM of floor plan, design and all equipment details. We are happy to realize your wishes with great attention to each detail and with more than 40 years experience in the automotive industry.

You are completely at home even when you are travelling in your exclusive motorhome

VARIO SIGNATURE

AS UNIQUE
AS A SIGNATURE

The partially-integrated integrated one.

The VARIO SIGNATURE is a characterful exclusive motorhome 10.5 and 12 m long. Based on Mercedes-Benz Actros chassis from 18 - 26 t, 2,55 m wide.

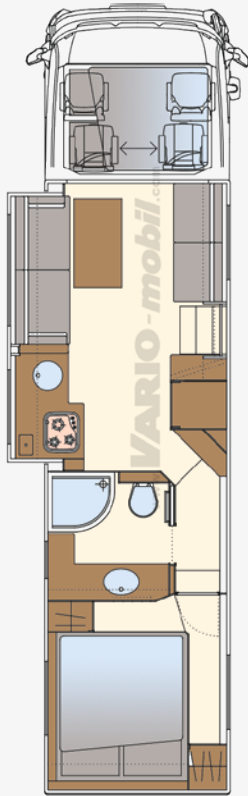

High-tech is comfortably packed here in exquisite PLATINUM craftsmanship.

The VARIO exclusive body construction and the distinctive front / cab of the XXL driver's cabin with transversely adjustable second row of seats for quadruple pilot and co-pilot feeling merge into an optical unit.

On top: the pneumatically-sealing living space Slide Out, a softly floating pull-down bed above the driver's cabin at full-height, as well as an intelligent 360° all-round vision system.

Equally self-evident the aerodynamic roof spoiler, sporty stainless steel tailpipes, extensive driver assistance systems (track assist, attention assistant, distance control, etc.) as well as the large car garage for a convertible and e-bikes.

This individually finished VARIO signature 1200 impresses with many other technical highlights: 25 m LED exterior lighting all around, impressive real glass window design elements, TV lift, large cabinet system in the luxurious bedroom, leather-covered door elements, etc. ...

Chassis	Mercedes-Benz Actros 1843 LL (four-wheeler)	Floor plan VARIO Signature 1050 Slide Out	Technical Data	Mercedes-Benz Actros 1843 LL (four-wheeler)
	(four-wheeler)

Miscellaneous	outside thermometer, cruise control, multifunctional steerable wheel, automatic climate control, daytime running light, differential lock RA, lane assist, snow tyres			

All vehicle prices are quoted ex factory Bohmte in the context of manufacturing a new vehicle.

* **Weight in working order means according to regulation (EU) Nr. 1230/2012:** unloaded weight including driver (75 kg), 90 % fuel, 100 % fresh water, 2 x 11 kg aluminium gas bottles, on board tool kit.

** **The payload according to regulation (EU) Nr. 1230/2012** results from the difference of the gross vehicle weight rating (GVWR) and the weight of the vehicle in working order including standard equipment.

*** **The number of seats with seat belt is depending on floorplans.** Parenthesised data = optional equipment.

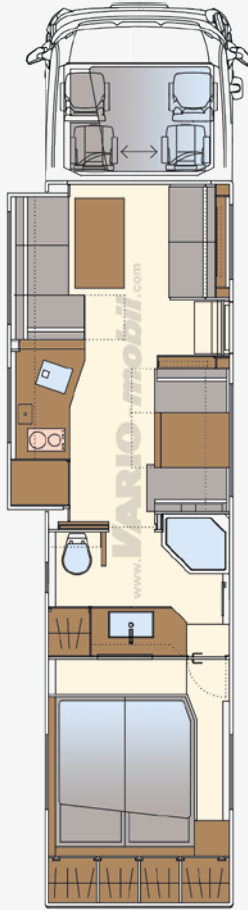

Optional equipment (extras / accessories) increases the weight in working order and reduces the payload. For the weight of the extra equipment please refer to this brochure.

The load-carrying capacity is reduced by installing special equipment (= extras / extra equipment) and accessories. Moreover, the load-carrying capacity not only depends on the weight in working order, the actual vehicle mass, the weight of the accessories and the GVWR, but also on the respective axle loads. Prerequisites for using the full vehicle-technically possible payload is a corresponding relation to the axle load distribution.

The declaration of weight is approximately data. Variations of +/- 5 % in the range of craft tolerance are possible and allowed.

⁽¹⁾ Total vehicle width 2.550 mm = body width 2.500 mm.

⁽²⁾ The total height depends on the dimension/ height of the storage room / garage / car garage.
